

Agata Rojewska

Junior Frontend Developer

As a Junior Frontend Developer, my primary professional goal is to create responsive and intuitive user interfaces using modern technologies such as HTML, CSS, and JavaScript, React. I aim to continuously develop my programming skills and acquire knowledge about the latest trends in the frontend field. My intention is to contribute to the company's success by creating engaging and effective web solutions that enhance customer satisfaction and loyalty, thereby translating into increased revenue. I am prepared to collaborate in a team and flexibly adapt to changing project requirements, which can bring added value to every project.
